## Global Health Research – GLOHRA Academy Series

---

### 1. Date and place

5 October 2021, 17:00-18:00 CET online via Zoom

### 2. Background

The GLOHRA Academy Series directs special attention towards the added value of interdisciplinary and international cooperation in global health research. On the first Tuesday of the month, we invite speakers to share insights of his/her research projects while focusing on research processes, methods as well as lessons learned. Following the speaker's presentation, the Series encourages an academic exchange between the speaker and the audience in a Q&A session.

### 3. Speaker

Prof. Chagunda is Chair of Animal Breeding and Husbandry in the Tropics and Subtropics at the University of Hohenheim. His area of interest is on the linkages and relationship among the food systems (focusing on livestock), sustainable livelihoods and health, and environmental wellbeing. He obtained a BSc and MSc from the University of Malawi before travelling to the University of Göttingen in Germany where he obtained Doctor of Agricultural Science degree with concentration in Quantitative Genetics. Prof. Chagunda worked as a postdoc in Malawi and at the University of Aarhus in Denmark. From there, he moved to Scotland's Rural College in Scotland where among other work he engaged in international work in Malawi, Kenya, Tanzania, Ethiopia, Rwanda and Zambia.
